

# OUSMANE DIALLO

WEB & MOBILE DEVELOPER | FRONTEND & BACKEND

## COORDONNÉES

+224 626 13 26 14

ousmanedmitty@gmail.com

Pita / Conakry – Guinée

<https://portfolio-project-five-wine.vercel.app/>

## LANGUES

French

English

## PROFESSIONAL STRENGTHS

- Fast learner
- Teamwork skills
- Motivation and discipline
- Strong problem-solving abilities
- Professional use of AI tools
- Adaptability and autonomy
- Good communication skills

## INTERESTS

- Technology
- Artificial Intelligence
- Personal development
- Digital innovation
- Reading

## PROFESSIONAL PROFILE

**Web and Mobile Developer specializing in JavaScript, with one year of hands-on experience in building modern web and mobile applications. Trained by Simplon Guinea, I design user-focused, efficient and scalable digital solutions. I also leverage artificial intelligence tools to increase productivity, optimize code quality and accelerate development. Curious, disciplined and highly motivated, I learn quickly and adapt easily to project requirements.**

## EDUCATION

**Web & Mobile Developer – Simplon Guinea  
2024 – 2025 (Pita)**

## WORK EXPERIENCE

### **Web & Mobile Developer – Simplon Guinea (2024–2025)**

- Built web applications in teams
- Integrated Figma interfaces using React
- Used Git for version control
- Debugged and optimized user interfaces
- Worked on real and educational projects

### **Mobile Development – Simplon Guinea**

- Developed a simple mobile application
- Implemented navigation, screens and business logic
- Collaborated with team members following best practices

# TECHNICAL SKILLS

## Languages

- HTML • CSS • JavaScript • TypeScript

## Frameworks & Libraries

- React.js • Next.js • Node.js • Tailwind CSS

## Mobile

- React Native, Flutter

## DataBases

- MongoDB • MySQL, PostgreSQL

## Tools & Methods

- Git & GitHub • VS Code • Figma • Postman • Agile methodologies

## AI-Assisted Development

- Prompt engineering • Code generation • Code review • Architecture assistance  
(Kiro, Cursor, Claude Code, ChatGPT)

## CMS

- WordPress

# PROJECTS

## PP-EIB — Web Attendance Tracking Application (2024)

Technologies: React, Node.js, Tailwind, PostgreSQL, Redis, Prisma

- Developed a real-time attendance tracking system for a school
- Built an admin dashboard and student management interface
- Automated administrative tracking
- Improved the reliability and accuracy of attendance monitoring

## SAVINGS & MONEY TRANSFER MOBILE APP (2025 – ONGOING)

Technologies: React Native / Node.js

- Designed a simple fintech mobile app for savings and money transfers
- Built an intuitive interface with scalable architecture
- Personal project focused on mobile financial solutions
- Used AI tools for planning and code optimization
